

WHAT'S NEEDED To Coordinate the Roadshow

COMMITTEE

Connect with people/organizations who already have existing connections to schools (e.g. representatives from student councils, school nurses, and youth settlement workers who are attached to schools).

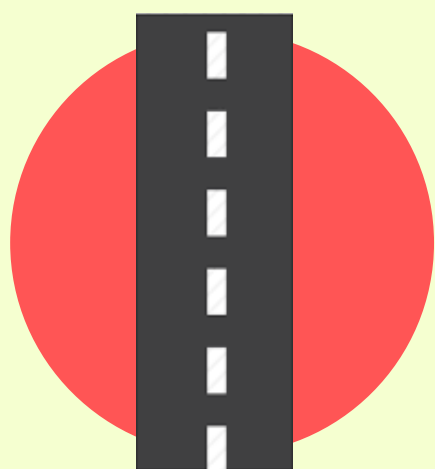

PREPARE

Connect with schools, connect with youth service providers, create youth engagement tools, and prepare evaluations for after the event.

IMPLEMENT

Send a reminder to agencies the day before, involve your participants, take photos, and take notes and debrief with your team.

CONNECT

SLYE is always available to support your Roadshow, or answer any questions you may have. Please feel free to connect with us over the phone or through email.
